

RICH MEDIA: IN-BANNER VIDEO

Add more to your display with video - available on MRECs & Half Pages across the network.

NOTES

- An active clickthrough must be provided
- 30" can autoplay with no sound, 60" must be click initiated
- Player Controls: Visible play, pause & mute buttons required. Volume controls recommended.
- This ad unit can be built in-house to include supplied video
- Video must be muted & remain that way unless sound is initiated by the user
- Volume level for video: No higher than -24 Lkfs with a peak no higher than -1 dbFS. If loudness meter is unavailable, a good rule of thumb is not to peak higher than -12 dbFS

Ad Unit	Dimensions	Formats	Third Party Serving	Max File Size	Video File Size	Video Formats	Lead Time (Working Days)
